

## “Talk. They Hear You.” Family Agreement Form

The Agreement states:

As your **mom/dad/caregiver**, I pledge to do my part in helping to keep you alcohol free. I promise to talk with you about the dangers and harmful effects of underage drinking. I pledge to create an alcohol-free environment that is fun and safe for you and your friends. I also pledge to pick you up at any time or place if you find yourself in any uncomfortable situation where underage drinking is involved.

By signing this pledge, I agree that I will engage in constructive conversations with you about the dangers of underage drinking.

---

As your **son/daughter**, I understand that alcohol can harm my body and my mind and make me say and do things I might regret. I pledge to avoid situations where my friends and peers are drinking underage, and I promise to call or text you to help remove me from those situations, if they arise.

By signing this pledge, I agree that I will not engage in underage drinking.
